

DUTCH CONNECTION

Annually, the George Eastman Museum organizes Dutch Connection to show the kinds of flowers George Eastman enjoyed in his home.

GEM Kids Bulb Growth Chart | Kindergarten to 3rd Grade Level

Type of Bulb _____

1. Using a ruler measure how much your flower bulb grows.
2. Record the **Day of the week** and the **Date** each time you measure your flower.
3. After you measure the bulb record the number in the row marked **Measurement**. In the row marked **Observations**, record the changes in your flower bulb, the weather outside, or anything else that you notice.

Week One

Day of the week:				
Date:				
Measurement:				
Observations:				

Week Two

Day of the week:				
Date:				
Measurement:				
Observations:				

Week Three

Day of the week:				
Date:				
Measurement:				
Observations:				

Questions about bulbs

1. How many inches did your bulb grow from week 1 to week 2?

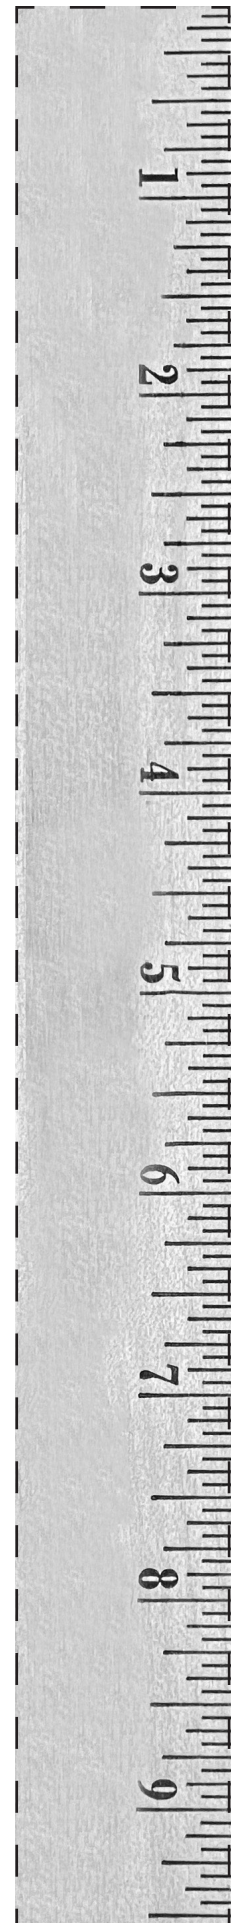

2. What surprised you the most about how your bulb grew?

3. How long did your bulb bloom?

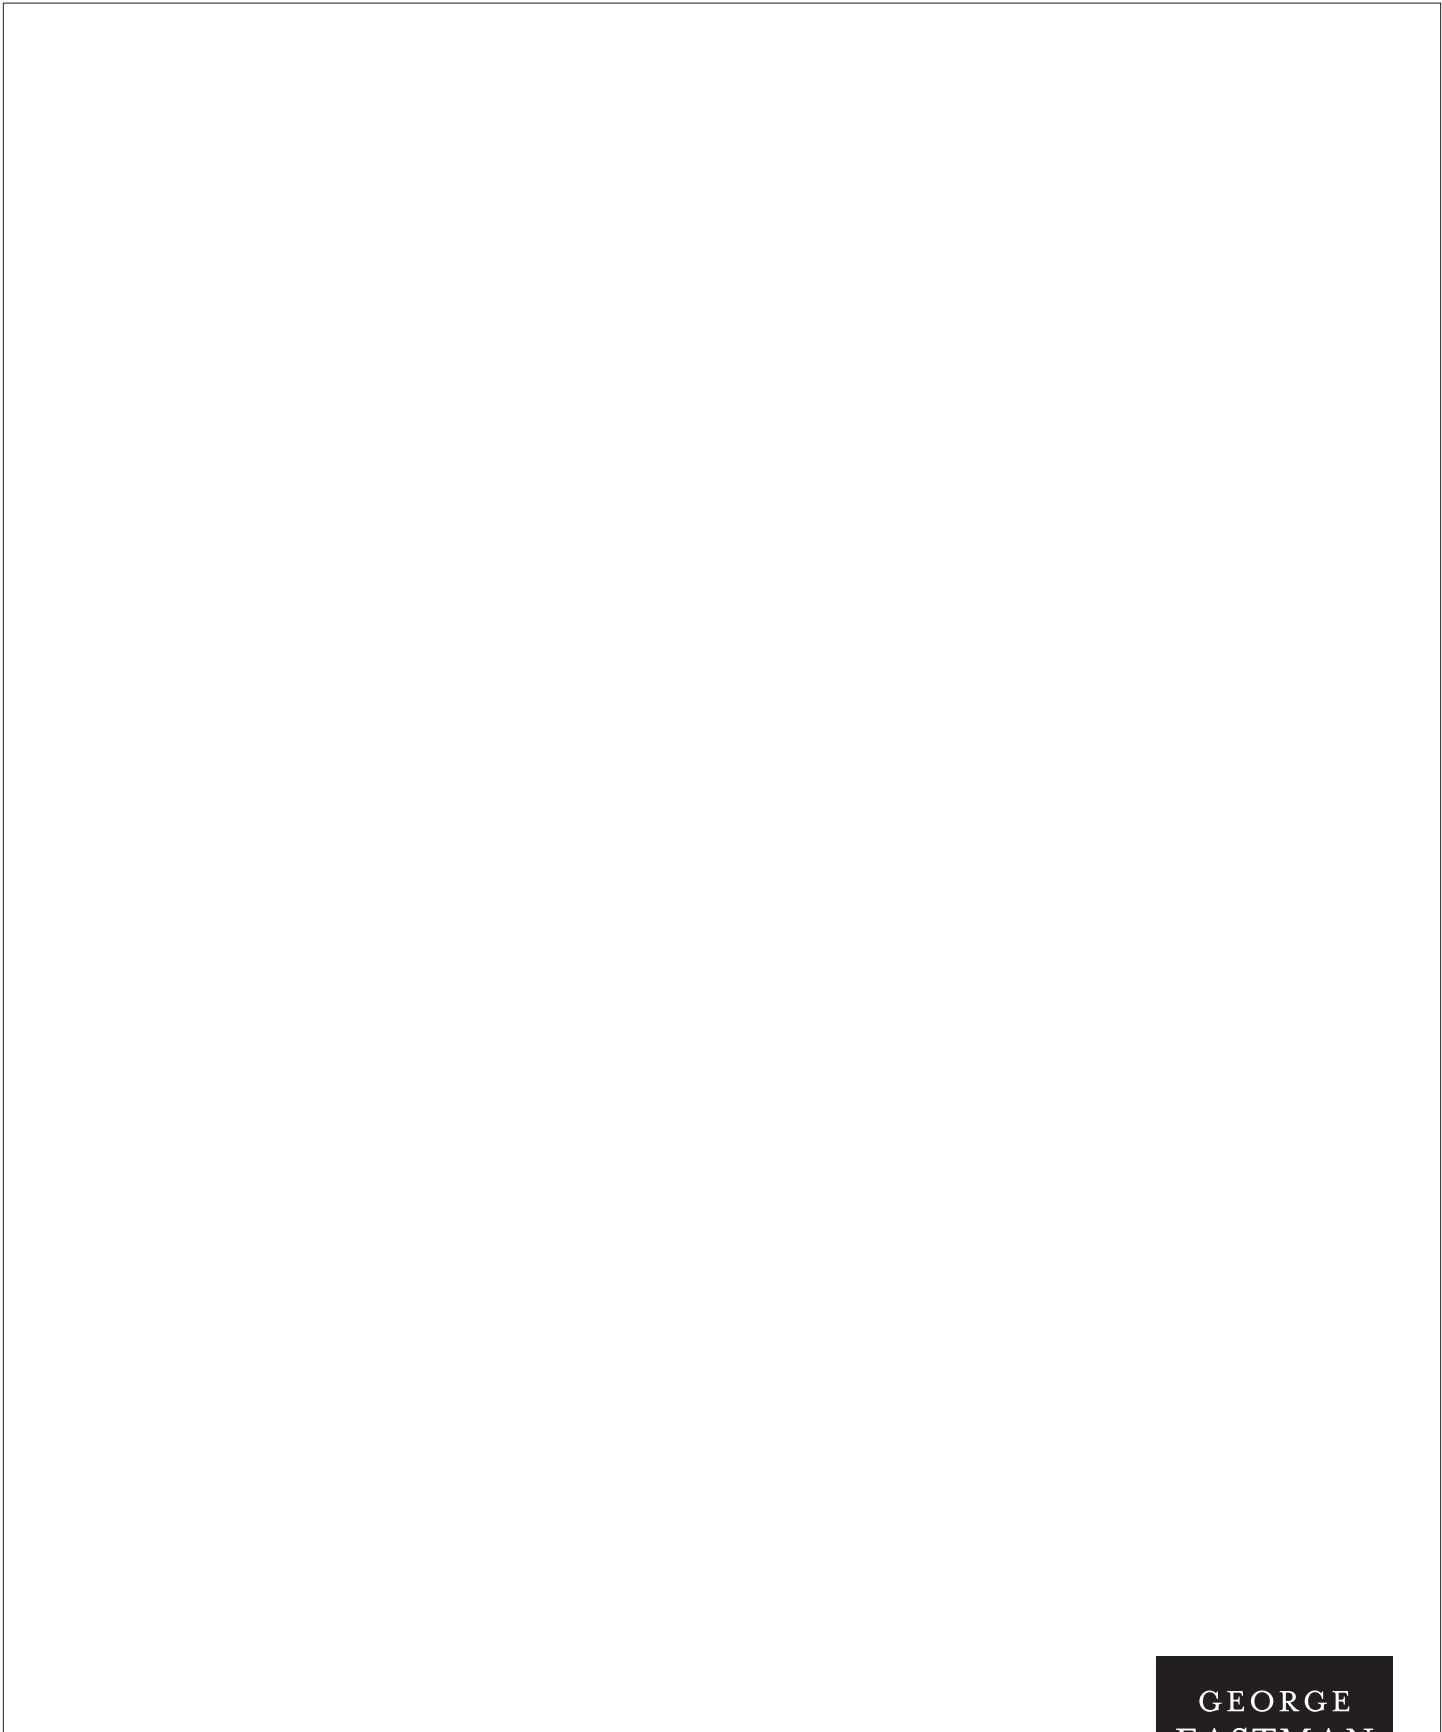

4. How would you describe the smell of your bulb?

5. What was your favorite part about planting the bulb?

Use ruler to measure your flower growth

Draw your flower and bulb below or take a photo of your flower growing!
